

Full Day

Off Road Driving Safety Course

(FM-0010)

**FLEETMASTER
GROUP**

COURSE OBJECTIVES

Driving is one of the most dangerous activities colleagues undertake as part of their daily routines. Off road driving presents additional risks and hazards whilst driving so it is essential that drivers are well equipped to handle off road driving. This training ensures that drivers understand how to apply correct driving techniques to match the varying terrains they will most likely encounter and how to utilise the driver aids and technology available on 4x4/AWD vehicles to maximise the benefits from them, improve safety and reduce incidents. Incorrect use of driver aids can hinder vehicle performance and create hazardous situation as a result

WHO SHOULD ATTEND?

Vehicle operators of 4x4 or AWD vehicles that drive on any terrain or road type.

DELIVERY LOCATIONS

Any suitable location selected by the booking manager

Various certification options available

Half day – 1 delegate
Full day - 2 delegates

Online workbooks and information guides available

Post course e-report emailed direct to manager

Any suitable UK location
