

Course description

The course takes place at any suitable location selected by the booking manager.

This training allows for a reassessment of the driver risk rating and the opportunity to provide corrective coaching to help mitigate the behaviours linked to potential future bans from the displayed driver behaviour.

Delivery is handled by our nationwide team of expert trainers, who use a blend of theory and on-road practical training to identify areas of concern in driver behaviour, advise on ways to improve and demonstrate a range of advanced driving and defensive driving techniques.

This course was specifically written to support our customer's drive to improve road safety and efficiency. Before candidates approach their vehicle, we instil in them the importance of pre-drive vehicle checks and the importance of the company road safety strategy.

Who is the course for?

Vehicle operators who are wishing to drive for the company and have returned from a driving ban. We assess the driver to make sure they are safe and confident to return to driving company vehicles.

Key facts
