

FM001d – High Mileage Driver

FLEETMASTER
GROUP

Course description

The course takes place at any suitable location selected by the booking manager.

This course is specifically designed to support managers and sales teams that drive high mileage on company business but may sit outside of the commercial fleet training program.

Driving is statistically one of the most dangerous activities that colleagues will undertake during their working day. This in cab training course focuses on identifying each drivers ability to operate safely and efficiently on UK roads and assess how they apply these skills whilst driving.

During the course, our national team of expert trainers identify gaps in each individuals driving skills, knowledge or behaviour and provide tailored corrective coaching to improve driver confidence and reduce the likelihood of future vehicle related incidents.

Digital assessment reports are accessible to employers post training and provide the detail of the training and a risk rating to help employers manager their ongoing risk removing the unknown.

Who is the course for?

Vehicle operators who cover a high number of miles in their job role. Statistically, those covering more miles are more likely to be involved in an incident, this assessment is to ensure that the driver is safe and confident.
