

# Half Day/Full Day Winter Driving

(FM-004)

## COURSE OBJECTIVES

This seasonally targeted course is designed to reinforce and enhance the knowledge of delegates for driving in severe weather. It is designed to reduce risk factors and possible risks when driving in winter conditions. Drivers will also be advised about the correct vehicle and personal checks to make in the event of more severe inclement weather.

The planned purpose of the course is to equip each driver with a better understanding of the driving task during winter months, cope with each risk encountered on today's road system and be better equipped to deal with the pressures and distractions encountered with work-related driving. This course will also enable the delegate to be more informed and make improved driving decisions therefore enhancing each driver's safety margins.
