

Course description

The purpose of the trailer towing course is to refresh the experience of someone who tows trailers.

It will provide the driver with the skills and knowledge on how to successfully drive a vehicle with a trailer attached, along with the correct procedure on how to manoeuvre the vehicle, and to couple and uncouple the trailer. The course will also help the driver to understand weight limits and restrictions.

Who is the course for?

Vehicle operators who have previous experience in towing trailers and requires refresher training.

New to Towing?

If you have little to no experience in Towing, we also offer extra days of training to ensure any drivers towing for the first time are safe, confident and in control.
