

4X4 DRIVER TRAINING

COURSE OBJECTIVES

The LANTRA 4x4 driving professional users course is designed for all drivers who need to use their vehicles in off road situations at work.

The one day experienced 4x4 operator course is available to previously trained operators, and covers the same knowledge and skills as the two day course. The same levels of understanding and driving skill will need to be demonstrated prior to certification.

ASSESSMENT CRITERIA

Pass or Fail

COURSE LENGTH

Full-Day
